The Hon. Probate Court for the District of New Haven, do hereby certify that the within and foregoing is a true and correct copy of the original as the same appears from the records of said Court.

**Liver Complaints,**  
AND ALL SICKNESS AND DISEASE  
**DR. LIN'S**  
**TEMPERANCE LIFE-BITTERS**  
AND  
**CHINESE BLOOD-PILLS.**  
The greatest Secret discovered!

Purge—purge—purge—has been the cry for the last few years. This has been effectually tried, and yet sufferers have multiplied—and died! Why? Not because purging was not necessary, but too much had been done—without the tonic to follow, and maintain the system. Purge, you must! The sickly humors of the blood must be carried off—the accumulation of them prevented. Prevent them the growth of such humors.

Why do the Chinese live to such immense ages and still retain the powers of youth or middle age? Because they purify the blood. The Chinese Blood Pills—so called because they work upon and cleanse the blood—are the standard remedy. These pills will do it; and the Temperance Bitters, taken as directed, will strengthen the system and prevent the accumulation of base humors which infect the blood, and which only increases by purges, unless the humors are taken away. Buy, then, these pills and bitters. Take weekly the pills, and daily the bitters, and if you are or have been invalid for days, weeks, months, or years, you will find the sickly humor drawn off, and prevented from a return, and the yellow hue of sickness change rapidly to the full blooming glow of health and youthful vigor.

There are cases so numerous of these brilliant effects, that time and space forbid an attempt to put them down. Buy and use these medicines, and use no other, and health and strength shall be yours. See wrapper and directions that come with them.

**FRAUDULENT COUNTERFEITS.**  
Will be attempted by the enemy of the law, unless I have my name—O. C. LIN, M. D.—on the wrapper, and also the notice as follows:  
“Entered according to Act of Congress, A. D. 1811, by Thos. Connel, in the Clerk's office of the District Court of the United States for the Southern District of New York.”

Warranted the only genuine.  
Messrs. COMSTOCK & CO., New York, are the sole wholesale agents for the United States and the neighboring countries.

**\$100 REWARD.**  
ONE HUNDRED DOLLARS REWARD has been offered for months, to any one who will use a bottle of Hays' Liniment for the Piles without being cured. Of thousands sold, in no instance has it failed of a cure. Proof overwhelming to be had where it is sold. It is also a certain cure in nearly every case.

(externally) in the following complaints:  
Tightness of the chest especially in children.  
Foul Ulcers of the legs, or other limbs, however obstinate or long standing.  
Fresh Wounds, Chills, &c., &c.

**LOOK OUT.**  
Some Swindlers have counterfeited this article and put it up with various devices. Do not be imposed upon. One that is very likely to be used is the name of COMSTOCK & CO.; that name must be always on the wrapper, or you are cheated. Do not forget it. Take this direction with you, and test by that, or never buy it; for it is impossible for any other to be true or genuine.

Sold by COMSTOCK & CO.,  
71 Maiden Lane.

**HEADACHE.**  
CERTAIN CURE FOR SICK HEADACHE, which has been used in families, every member of which has had sick headache from infancy, as a constitutional family complaint, and has cured effectually in every instance yet known, amounting to many hundreds. It is not unpleasant to the taste, and does not prevent the daily avocations of one taking it; it must be persevered in, and the cure is gradual, but certain and permanent. Instances are constantly multiplying where this distressing complaint is completely relieved and cured, although of years standing by the use of Dr. Spohn's celebrated remedy. One decided preference is its pleasantness, having none of the nauseating effect of common drugs.

It is so perfectly satisfactory that the proprietor has given direction for his agents to refund the price to any one who is not pleased with, and cured by it. He hopes also that this may secure its great benefit to the distressed sufferers who are laboring under Headache.

E. Spohn, M. D., Inventor and Proprietor.

**From the New York Herald.**  
**MYSTERIOUS.**  
A gentleman belonging to one of the most ancient and wealthy families of this city, who must be well known to numerous friends, having since the year 1818 up to recently been bed-ridden, and for several years confined to his bed, has been restored to good health—has regained his natural erect position—and has quitted his carriage, and now walks with ease! We believe this is the gentleman's own exaggeration as near as possible, and there is no exaggeration in it. We do not mean to say that the cure was not his humane feelings will excuse the liberty; but that any one doubting, may know these facts—though he requires his name may not appear in print. Among other similar instances, Mr. Jas. G. Reynolds 111 Christian St. has been restored and will give personal assurance of the facts of his case. Both were rheumatic, and contracted colds and sinews. How has this been done?

ANSWER.—By the Indian Vegetable Elixer internally, and HENRY'S NERVE AND BONE LINIMENT externally.—N. Y. Herald Jan. 26 1841.  
Sold only by COMSTOCK & CO.,  
71 Maiden Lane, New York.

**HUMAN HAIR.**  
CLEANLINESS OF THE HEAD AND HAIR.  
Strange it is that persons who attend strictly to personal cleanliness, bath, &c. should neglect the Head—the hair the most essential—the most exposed—and the most beautiful, though properly cared for, of all the gifts of the Creator. Persons who are in the habit of dandruff or scurf with certainty that the hair cannot fall out, by the use of the Balm of Columbia. Ladies will make your toilet without this article? I answer fearlessly, No, if you have once tried and experienced its purifying effects—it, sweet perfume.

A hundred articles have been put forth on the credit of this—the only first—the only really valuable article. A mass of testimony from all classes to these facts.

**LOOK OUT.**  
Counterfeits are abroad look a way for the name of COMSTOCK & CO. on the splendid wrappers and never buy it without that name.

**READ THE FOLLOWING.**  
ROBERT WHARTON, Esq., late Mayor of Philadelphia, has certified, as may be seen by reference to the high character of the following gentlemen.  
“This undersigned do hereby certify that we have used the Balm of Columbia discovered by J. O. Ridgely and have found it highly serviceable not only as a preventive against the falling off of hair, but also a certain restorative.”

**READ, REFLECT.**  
**TRUTH IS SELF-EVIDENT.**  
(3) In the country so subject as this to sudden changes in temperature of the atmosphere, is of the very greatest importance that a strict watch be constantly kept upon the very seat of life—the region of the stomach and bowels. It is here the Creator has placed the VITAL PRINCIPLES of our existence, and it is through them that the human frame continually renews and renovates itself from the natural losses it sustains by the very action and reaction of the life principle. The stomach and bowels may therefore be called the grand regulators of the body's health.

They sound the alarm when anything infectious has been absorbed—they become affected even when the most remote members of the body have sustained injury. There sympathy with every ill that can befall each and all of the corporeal agents, is as fixed and steady as it is prompt and extensive. It is this property and timely attention being at all times, and in all seasons, paid to these MAIN SPRINGS OF EXISTENCE, the stomach and bowels, so that they may be supported in their regular functions, that the changes of temperature are rendered less affecting, and a state of almost uninterrupted health can be secured.

Although the causes which produce and foster disease in the human body are very numerous, yet the effect is invariably the same, namely—IMPURITY OF THE BLOOD—and whatever medicine will carry off these humors will have produced this contamination and condition of necessity, restore the healthy condition of the body, and the surest safeguard against protracted infirmity and premature decay.

It is needless to recapitulate here, all that has from me to time been adduced to prove the efficacy of Brandreth's Vegetable Universal Pills, and successful experiment has convinced even the most sceptical, that it is the only Medicine calculated for the certain cure and prevention of disease, whether chronic or acute, and that it is the only one which restores health and happiness under its beneficial auspices, who have been pronounced as incurable by physicians of the first standing, and in many cases when every other remedy had been resorted to in vain.

In all cases of pain and weakness, whether it be chronic or acute, or whether it arises from constitutional or other cause—whether it be from internal or external injury, the disease is always sure to be eradicated by persevering in the use of these Pills. Their safety in all the various stages of existence—from helpless infancy to old age—has long been subject of special commendation and notice—and the fact that the application of VEGETABLE PURGATIVES is unattended by the least inconvenience, and that no particular attention is required at the time that the Pills are taken, either as regards diet or action, constitutes of itself one of the most important benefits ever bestowed upon mankind.

The great business of “Purging” in times of sickness is beginning to be properly appreciated, and extensively understood. Common Sense (that unerring guide, which not only the arts of selfish practitioners can mislead, but which it is much more convenient to take notice of when it is convenient to do so, than to be guided by the most important benefits ever bestowed upon mankind.)

It is a well known fact of consideration, that the principle of purging with Brandreth's Pills removes nothing but the useless and decayed particles from the body—the morbid and corrupt humors of the blood which generally impede the functions of the liver when they settle upon the organs—produce rheumatism, and when they settle upon the nerves—consumption when they settle upon the lungs; costiveness when they settle upon the intestines—apoplexy, paralysis, and all the train of melancholy disorders so fatal to the sufferer, when these settle upon the lining of the blood vessels. The depravity of the humors is the immediate cause of intermittent fevers and dysentery—as nothing is required but the contact or contagious miasma, to produce bilious, yellow, scarlet, and the like kind of fevers, as dysentery and diarrhoea.

It must, therefore, appear self-evident that purging the humors from the body is the only True and Effective means of curing and preventing these complaints, and every other form of disease; for as it requires the tempest and the tornado to bring about a state of purity in the ocean when its waters have been stagnant, so will it require repeated evacuations by the bowels, before the blood can be relieved of its accumulated impurities, and Nature left free to restore every organ to its proper healthy action. But yet even when this has been done it is impossible for those who take little exercise to enjoy perfect health, unless they occasionally make use of vegetable purgative medicine; for the conduits of the blood are there, they kept free from those impurities which would prevent its steady current maintaining health—morbid humors are prevented from becoming mixed with it, and nature is thus assisted through the means and outlets which she has provided for herself.

(3) BEWARE, and NEVER Purchase Brandreth's Pills without the seller can exhibit, the Certificate alluded to in the commencement of this advertisement, and do not forget that PEDLARS NEVER have the True Pills.

**DR. A. SHERMAN'S**  
**EDICATED LOZENGES.**  
(3) Children or adults can take medicine in this form without difficulty. It is the only way to make it pleasant yet discovered.

(3) Purchasers will please observe that the name “A. SHERMAN, M. D.” is on each box. SHERMAN'S COUGH LOZENGES. HIS lozenges are sealed, and have “A. SHERMAN, M. D.” on the side of the box. They are the safest, most sure, and effectual remedy for coughs, colds, consumptions, whooping cough, Asthma, tightness of the Lungs or chest, &c. &c. The proprietor has never known an instance where they did not give perfect satisfaction.

Several thousand boxes have been sold within the last three months restoring to health, persons in almost every stage of consumption, and those laboring under the most distressing cold and coughs. They do not check and dry up the cough, but render it easy, promote expectoration, allay the tickling or irritation, and remove the proximate or exciting cause. They are made from a combination of the most valuable expectorant for cough medicines, and are undoubtedly superior to every thing in use for those complaints.

Hundreds of certificates have been offered of their wonderful virtues, from those who have been saved from an untimely grave and restored to perfect health by using them. Dose.—One lozenge is a dose for an adult, and may be repeated from three to six times a day, as required. Children, eight years old, half of one; four years, a quarter, and so in proportion. Very small children or infants will take them best dissolved in a little water. Should they act as an emetic, or produce nausea, the dose must be lessened to what the stomach will bear.

Half of one will generally be sufficient to take before breakfast, as the stomach is more easily sickened. No ill effects can arise from an over dose, as it will cause the stomach to reject it; and although not a pleasant sensation, will be found to give relief. Where there is much pain in the breast or side one of Sherman's Poor Man's Plasters should be applied over the part, and worn till relieved. If attended with costiveness, a few cathartic or laxative Lozenges, or any mild cathartic medicine should be used as occasion requires. Sold at the Variety Store, by PANGBORN & BRINSMAN, Jewellers, Burlington, Vt. wholesale agents. A liberal discount to merchants who buy to sell again. For sale by J. DYAR.

**SHERMAN'S**  
**POOR MAN'S PLASTER.**  
ONLY 12 1/2 cents each. Each plaster has printed on the back of it, “Sherman's Poor man's plaster.” It is the best strength giving plaster in the world, and a sovereign remedy for pain or weakness in the back, loins side, breast, neck, limbs, joints, rheumatism, lumbago, &c. &c. One million a year will supply the demand. They will require a little warming before application. Warranted superior to all others, and for one quarter the usual price, making not only the best, but the cheapest plaster in the world. It affords relief in a few hours, and makes astonishing cures. In liver complaint and dyspepsia, it should be worn over the region of the liver or stomach and it will afford great and astonishing relief. In coughs, colds, asthma, difficulty of breathing, oppression of the chest or stomach, they will immediately soothe, and greatly benefit the patient. Persons of sedentary habits, or those obliged to stand much, will receive decided support from one of the truly strengthening plasters. Physicians generally recommend them, in preference to all others, because they stick or adhere better and afford greater relief. In their operation they are stimulant, tonic, and anodyne. They are composed of entirely different ingredients from any other; and known from the experience of millions, who have used them, as well as the united testimony of all the celebrated and distinguished clergy and physicians, to be the most useful and highly medicated plaster, ever invented or offered to the public. Several persons have called at the warehouse to express their surprise and thanks at the almost miraculous cures their plasters have effected. One man who had been afflicted with rheumatism, as to be unable to dress himself without assistance, was enabled after wearing one, only one night to go up alone in the morning, put on his clothes and call at our office with eyes beaming with joy and his tongue pouring forth the gladness of his heart, at the sudden and signal relief he had received from this best of all remedies. Ask for Dr. Sherman's Poor Man's Plaster. It is so called, because the price places it in the power of all to purchase, being only 12 1/2 cts. Sold at all variety stores by PANGBORN & BRINSMAN, Jewellers, Burlington, Vt. wholesale agents.—A liberal discount to merchants who buy to sell again. For sale by J. DYAR. 35:1y

D., in the Clerk's Office of the District Court of Massachusetts,” and on the other side, “Established in 1808, at South Reading, County of Middlesex, Massachusetts.” The border around the inside directions, (which are printed on white tissue paper) is so curiously engraved that the words “Dr. S. All infringements will be severely dealt with according to law. The bottles are nearly ready to be issued, in the same style.

**A CARD.**  
**TO DRY GOODS MERCHANTS.**  
In consequence of the extremely unsalutary state of the currency for a few years past, rendering the sales on credit so very hazardous, and the manifest wrong and injustice of charging the good man so high a profit as the necessity of the case compels every one to do in order to meet the losses by the bad, we adopted the plan of buying and selling exclusively for cash. And now having fully tested the fact, that those who buy their goods on credit, or of credit houses, or of cash and credit houses, cannot at all compete with our customers in the sale of their goods, we shall therefore, continue the same system.

By paying cash for our goods, we are enabled to obtain most of them from Manufacturers, and from first hands, thereby saving (at least) all the charges of the commission merchant, such as commissions, guarantee, interest, labor, &c., which often amounts to a retail profit, which enables us to sell by the piece, as low as they are usually bought by the package, (interest off.)

We therefore specially invite all those in the trade who are not willing to pay the losses by others, and can make such pay for their goods, to call and examine ours, before purchasing elsewhere.

We keep constantly on hand a general assortment of American, English and French, Woolen, Linen, Cotton and Silk, Fancy and staple Dry Goods, by the piece or package.
